Program

Bill Wilson introduced Kevin Klein, the Food and Beverage Director at Robson Ranch Texas. The members enjoyed a very personable update on the current status of all the Food and Beverage services here at Robson. After leaving a very hectic corporate role with extensive travel, Kevin is excited to focus his attention on the Robson programs and return to a normal family life.

Kevin spends most of his time with employees at each location, working together to find ways to improve the service and food quality. He is very focused on creating a work environment where employees enjoy their work and show an engaging attitude toward customers. He was happy to share that Mark Robson recently visited and enjoyed the Grille. Soon after, Mr. Ed Robson and his wife stayed for two days and also enjoyed the Grille.

Kevin acknowledged there are issues with making reservations for some popular events, like Rib Night. The phone lines have had very long hold times, so they are exploring online ordering software to cut down on wait times in the future. As expected, our residents are eager to share their feedback about the Food and Beverage services. Kevin remains very engaged in listening and responding. An example of this is the noticeable improvement in the pizza at the grille, which was echoed by members at the meeting. The members appreciated interacting with Kevin as they shared their comments and questions.
